

# K-Gaurd

## Kidney Protector

### Composition:

Each 1000ml contains

Phosphoric acid	5000	mg
Citric acid mixture	75000	mg
Malic acid	50000	mg
Ammonium chloride	25000	mg
Phenolic acid	50000	mg
Ammonium Sulphate	75000	mg
Pectine	1000	mg
Methionine	75000	mg
Vitamin C	2000	mg
Potassium chloride	10000	mg
Calcium chloride	10000	mg

### Description:

As a diuretic, K-Gaurd removes excess fluid and mineral salts. It disintegrates urate crystals by breaking the mucin bonds and preventing the formation of urinary calculi (kidney stones). It works on the urinary tract and helps to reduce the filtration pressure on kidneys. It has nephroprotective properties. K-Gaurd promotes the excretion of uric acid by flushing out urate crystals. K-Gaurd has a dissolving effect on kidney stones which slowly get eliminated from the body and does not allow the body's tendency to form Stones in future. K-Gaurd helps to correct metabolism and thus reduce the formation of waste products produced in the body. Ammonium chloride of K-Gaurd is effective in preventing the formation of uroliths or urolithiasis process. Potassium Chloride, Calcium chloride and Citric Acid acts as buffer which not only helps in maintaining pH but also act as source of diuretics to enhance urine output.

### Indications:

- Ensures improvement of renal system functioning of poultry
- Improves the bird health and performance greatly by detoxification mechanism and endogenous Vitamin C generation
- Improved reabsorption of vital nutrients/ electrolytes and haemopoiesis (blood formation) etc
- Maintain the ionic/electrolyte/solute homeostasis in the body
- Reduces the mortality due to Gout/Ascites of poultry
- Assists faster rejuvenation of renal tissue & improves profitability of poultry farming

**Route of Administration:** Oral

### Shelf Life:

3 years

### Dosage:

1 - 5 ml per liter of drinking water for 5-7 consecutive days  
OR As directed by your veterinarian

### Storage & Handling:

Store at Controlled Room Temperature. Keep container tightly closed.  
Shake well before use. Not for human use

### Packing:

Pack sizes: 500 ml, 1 liter, 5 liters, HDPE containers with tight closure

### Manufactured By:

**Visinno Remedies Pvt. Ltd.**

A-222, Silver Springs, Plot No. 6,
